Worksheet 6 · Household Water Plan

Target and where to find the water (1/2)

Update this summary from your other worksheets. Share it with the people who will rely on the reserve.

Date updated / people included / duration

Target / available gallons / gap

First-use location / amount / container IDs

Other locations / amounts / container IDs

Access directions and planned uses

Next purchase or refill / who will do it

Worksheet 6 · Household Water Plan

Contacts and what to check (2/2)

Check the current local notice during an interruption. Put the notice and the household's agreed actions where people can find them.

Utility / alert channel / service address

Health department or emergency contact

Approved alternative source and how to check it

Relevant dates for both stock types / next review

Responsibilities and accessibility needs

Where to find the plan and the inventory
